

SUPPORT THE

Pollinator Habitat Education Program

Help pollinators and inspire future conservation leaders by becoming a sponsor!

Sand County Foundation's Pollinator Habitat Education Program provides specialist support and lesson materials for teachers, and meaningful hands-on activities for their students.

Few schools have adequate resources to bring students outdoors or actively engage them in conservation education. Sand County Foundation's Pollinator Habitat Education Program boosts students' practical skills and knowledge by growing and planting native wildflower species, and increases their interest in conservation career options.

Currently offered in Illinois, Iowa, Michigan, Minnesota, and Wisconsin

Sponsorship Opportunities

Lead Sponsor: \$30,000+

Program Sustainer: \$15,000+

Program Supporter: \$5,000+

Friend of the Program: Donation of any amount

Sand County Foundation is a 501(c)(3) nonprofit organization and is grateful for contributions of any amount!

At the Program Supporter level and above, sponsor benefits include recognition for your organization in the following:

- Sand County Foundation's website
- Grant award announcements (press release, social media)
- Program Story Map, occasional project profiles (press release, social media, resulting media exposure)
- Outreach surrounding Pollinator Week (late June), and other timely occasions
