

SAND COUNTY FOUNDATION PROPOSAL FORM

TO ENTER A CONTRACT FOR COVER CROP DRONE SEEDING
in fulfillment of the 2025 Dubuque County Watershed cover crop incentive program

Job: Supply cover crop seeding of farm fields by drone for Sand County Foundation as per attached specifications. The contractor may bid any or all townships.

Bidding deadline: Proposals must be received no later than 12:00 P.M., Wednesday, January 22, 2025 at Sand County Foundation, 44 E Mifflin St, Suite 1005, Madison, WI 53703, or by email to office@sandcountyfoundation.org

Job completion date range: August 1 to October 15, 2025

Job specifications: see below

Business Name: _____

Website (if applicable): _____

Employer Identification Number: _____

Name of Owner or Chief Executive: _____

Please attach a CV or provide a web link or background information below about the business's owner or chief executive:

Equipment and Personnel

Please provide descriptions of equipment and staffing you expect to use to fulfill the bid's services. If you intend to subcontract additional drone pilots for this work, include their business names here. Include an approximate average number of acres of cover crop seed that can be applied per day, and an average number of days that you will operate per week. Please limit response to 500 words or less.

Please provide a description of your capacity to receive and store seed from a seed vendor. Including the type of storage facility, means to unload seed, days/times available to receive seed, and the maximum number of 2,000 lb totes (or other containment) that you can hold at any given time. If none, enter "N/A". Please limit response to 500 words or less.

Capacity

If you prefer to work with a specific seed vendor, pick up seed from a specific location, and/or pick up seed in a specific type of container or loading system, please state these preferences here:

Please state the maximum number of acres for which you can commit to apply cover crop seed according to the specifications and timeline of this project:

Budget

Bidder should complete the budget table below with pricing on seed pick-up, price per acre and total price for each township. See attached map of township. If bidding for the entire county at the same price, enter the first row only. If bidding for only certain townships, leave other rows blank.

TOWNSHIP	PRICE PER ACRE at 40 lb/ac rate	PRICE PER ACRE at 60 lb/ac rate	ADDITIONAL per acre charge to pick up seed*
Entire County	\$	\$	\$
Liberty	\$	\$	\$
Concord	\$	\$	\$
Jefferson	\$	\$	\$

* from a to-be-determined storage facility within 30 driving miles of Epworth, IA

In the event that the Dubuque County Watershed cover crop incentive program should require that farmers pay a portion of the projects cost as a cash contribution, would you be willing to receive up to 50% of the prices quoted above by directly billing and collecting payments from farmers, with Sand County Foundation paying the remaining balance?

The bidder hereby certifies that no other principal is involved in or has an interest in this proposal; that the bidder has thoroughly examined the plans and specifications and this proposal form and is aware of the special provisions contained herein; that the bidder has examined the site of the work and understands that the quantities of work required by the plans and specifications are approximate only and are subject to increases and decreases; that the bidder understands that all quantities of work actually required must be performed and that payment therefore shall be at the unit prices stipulated herein; and that the bidder proposes to timely furnish the specified materials in the quantities required and to furnish the machinery, equipment, labor and expertise necessary to competently complete this project by the time specified.

Acceptance of a bid by Sand County Foundation is subject to confirmation and review and no contract enforceable by the bidder is created until execution of a written contract by all parties. If this bid is accepted, bidder agrees: to execute a formal contract within thirty days of the date of approval for award. Upon execution of a written contract by all parties, the contractor agrees to begin work in accordance with the contract documents and to either complete the work within the contract period or pay liquidated damages, which shall accrue for each additional working day the work remains uncompleted; to perform all "extra work" required to complete the project at unit prices or lump sums to be agreed upon in writing prior to commencement of such "extra work" or, if prior agreement cannot be reached, to perform the work on a "force-account basis" as provided in the specifications.

The signing of this Bid document shall serve as an unsworn declaration that I (the owner, partner, President, other corporate officer, or an authorized representative) hereby certify under penalty of perjury under the laws of the United States that I have read, understand, and accept the Bidding Certifications and other provisions contained in the proposal notice/notice to bidders.

SAND COUNTY FOUNDATION COVER CROP DRONE SEEDING SPECIFICATIONS

The contractor shall apply seed as designated in the specifications. The contractor shall apply seed between August 1 and October 15 according to a schedule of operations to be provided by Dubuque County Watersheds. The contractor is to apply seed at seeding rates to be specified by Dubuque County Watersheds. Sand County Foundation will provide the contractor with access to an online mapping tool detailing each field to be seeded and contact information for field owners or operators. The contractor shall give the listed field owner or operator notice of fields scheduled for seeding at least 24 hours prior to arrival. The contractor shall follow instructions provided by producers and/or Dubuque County Watersheds staff regarding field access or other constraints. The contractor shall schedule applications in the following order according to current crops; corn grain fields first, then corn silage fields, then soybean fields. This may require more than one visit to a given farm if the farm grows more than one crop type. The contractor will record the date, seed mix, seed weight, seeded acres, and relevant notes regarding each field seeded in the online mapping tool within 24 hours after seeding. The contractor shall provide Sand County Foundation with geospatial data files of the drone flight paths and/or total seeded area on a monthly basis.

All required seed will be provided by one or more seed dealers contracted separately by Sand County Foundation. The contractor shall work with the specified seed dealer(s) to determine when and how seed will be picked up or delivered. The contractor is responsible for communicating to the seed dealer(s) any preferences or limitations in the packaging or method of transferring seed.

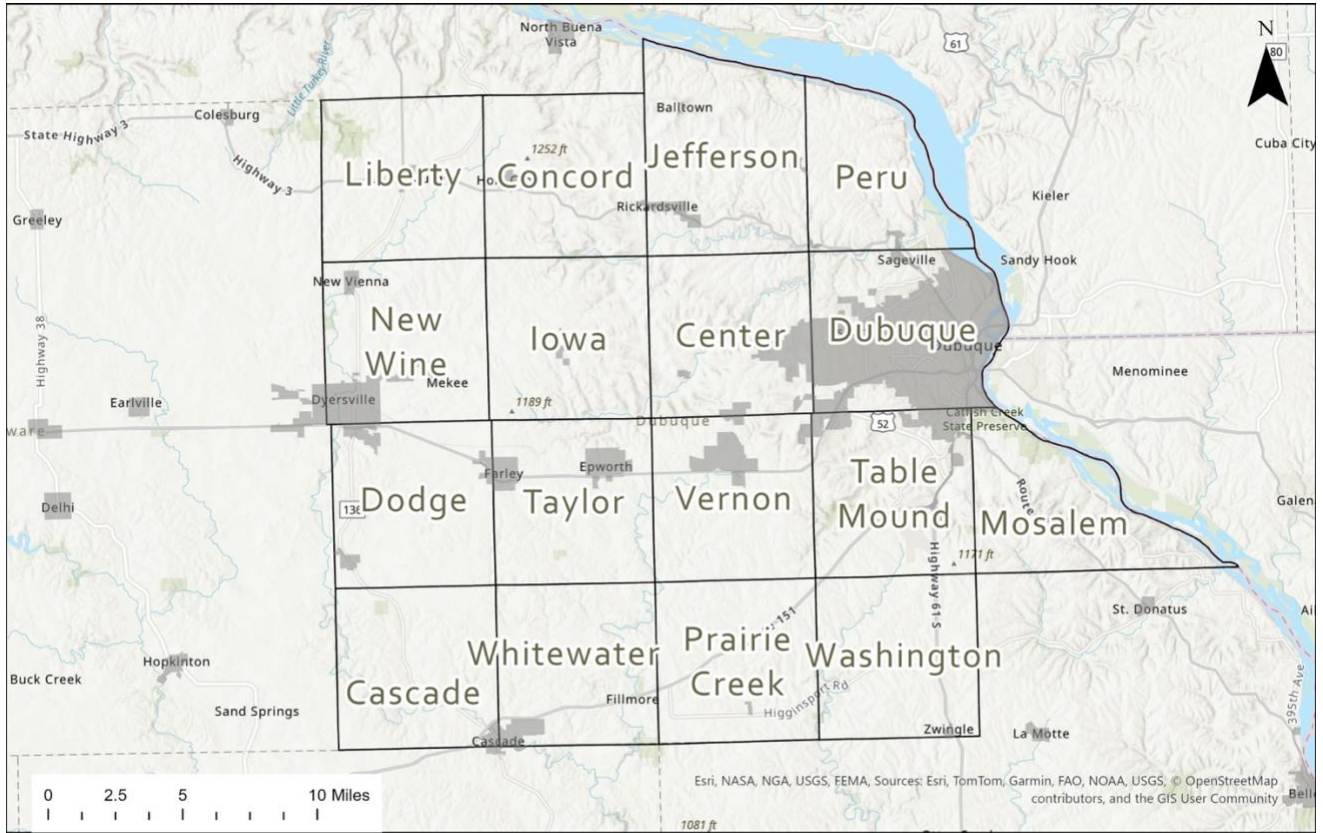

The specific fields and total number of acres to be seeded by the contractor will be determined by Sand County Foundation. In the likely event that multiple drone applicators are contracted for this project, Sand County Foundation will provide all applicators with an opportunity to state their preference to serve specific farm clients with whom they have existing business relationships. Sand County Foundation reserves the right to remove, add, or limit the number of acres assigned to any contractor to balance the workload among all contractors and complete the project in the given timeframe.

All drone operators including sub-contracted operators must have current and appropriate FAA certification and must comply with all federal, state, and local regulations.

Successful bidders must provide a certificate of insurance within 30 days of the date of the approval for the awarding of a contract.

Sand County Foundation reserves the right to reject any or all proposals.
